Dear [REDACTED]

Re: Alma Santiago

As the Supervisor of Alma Santiago I am pleased to write this letter of recommendation. Alma was a squad leader in my platoon for 15 months, as a member of the 2nd Brigade Special Troops Battalion, 2nd Brigade Combat Team, and Fort Drum, NY.

In my 18 years of active duty military service, Alma has been one of the most outstanding supervisors I have ever known. Her quick decision making ability and determination to complete any mission placed her far above her peers and some superiors. Alma held many positions while assigned to the prestigious 10th Mountain Division. She was a Platoon Sergeant, responsible for the welfare and safety of over 25 Soldiers, during five tactical training operations. She also trained and evaluated five supervisors in computer programming and maintenance. Before excelling in these high operation tempo positions, Alma was placed in charge of a company level training room. There she was responsible for the accountability and future planning of over 150 Soldiers' training in preparation for combat. Her unparalleled ability to think under pressure allowed her to excel as a leader on the battlefield during a yearlong deployment to Iraq.

Not only was Alma an excellent Soldier, but she also took the time to better herself personally by completing an Associate's of Science Degree in Individual Science (May 2011). Alma has excellent communication skills, is extremely organized, and is very reliable.

I highly recommend Alma Santiago for a position as a Juvenile Corrections Officer I in your organization. Her experience motivating and providing direction to Soldiers for over 5 years will be a major asset to you.

It would be my pleasure to answer any questions you may have about Alma Santiago. Please do not hesitate to contact me at nathan.greene1@us.army.mil or call me at [REDACTED].

Sincerely,

//signed by Nathan Greene//
